Springfield, VA – ChainDrugStore.net continues growing pharmacy usage across its suite of online pharmacy tools, including the ChainDrugStore.net messaging platform, the Pharmacy Verification Network, wholesaler portals, analytics dashboards and through the drug pricing benchmark Predictive Acquisition Cost (part of a joint venture called Glass Box Analytics LLC).

To maximize the value of this pharmacy usage and create a single sign on for online pharmacy tools, ChainDrugStore.net launched hub.pharmacyfocus.com in late 2015. hub.pharmacyfocus.com brings together all stakeholders in the pharmacy supply chain with a focus on interaction with pharmacies:

- Manufacturers
- Payers (commercial and government)
- Pharmacy Benefit Managers (PBMs)
- Federal agencies and state governments
- Industry associations
- Drug wholesalers

hub.pharmacyfocus.com is excited to be kicking off its 2017 marketing campaign as a sponsor of the upcoming Channel Optimization in Pharma 2017 Conference. In addition, hub.pharmacyfocus.com has created a trial program available to manufacturers who currently do not use the network to communicate with more than 200 retail pharmacy chains and drug wholesalers, as well as over 20,000 independent pharmacies. To learn how to participate in this exciting manufacturer program, contact Peter Clayton at pclayton@chaindrugstore.net or (347) 244-4685.

As part of its continued outreach to pharmacies and pharmacists, hub.pharmacyfocus.com will launch a series of ads throughout the year in various industry publications. Look for the first hub.pharmacyfocus.com ad in the January edition of Pharmacy Times. And hub.pharmacyfocus.com will continue to play an active role in supporting the industry as one of five Elite Partners to the National Council for Prescription Drug Programs (NCPDP).

About ChainDrugStore.net Inc. (CDS)

CDS is the link to pharmacy – an online communications network that manufacturers, managed care organizations, pharmacies and regulatory agencies use to communicate and aggregate pharmacy critical services and product information. Meet with us at the Channel Optimization in Pharma 2017 Conference (February 21-23, 2017 – Weehawken, NJ) and NCPDP Annual Conference 2017 (May 8-10, 2017 – Scottsdale, AZ).
